THE MAIN COURSE

THE ENDLESS STIR FRY

To create your stir fry, fill out the tick sheet on your table, select your choice of oil, sauces and garnishes. Then take it with you to the fridge display where you can choose from our fresh raw ingredients - we recommend 4 or 5 vegetables, a choice of protein and noodles. Leave it with our chefs who will stir fry your creation and bring it to you once it has been cooked. Remember to visit the fridge display as many times as you wish. There are some suggestions on the back of the tick sheet to help you if required. Enjoy!
